Dear Sir or Madam:

NOTICE OF INCORRECT DATA

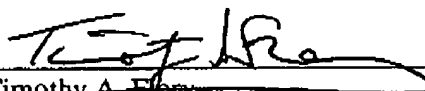

Applicants acknowledge receipt of the Filing Receipt in connection with the above referenced patent application. Under the "Domestic Priority data as claimed by applicant" section, the Filing Receipt indicates that the data provided by applicant is not consistent with PTO records. Upon review of the Filing Receipt, Applicants note that the data listed on the Filing Receipt is correct and matches the data provided by the applicants. A telephone call to the PCT Help Desk confirmed that the data is correct and revealed that the PTO records list the filing date of the PCT application as October 2, 2003, instead of the correct filing date of October 1, 2003. The correct filing date of October 1, 2003 is indicated on the Filing Receipt and on the face of the published PCT application. Applicants request correction of the PTO records to properly reflect that the PCT filing date is October 1, 2003.

Respectfully submitted,

MARK L. LARSON ET AL.
